

Muralys

Prestige

From dream to reality

Applicable standards

The Muralys technology meets the most demanding standards in the building sector:

- > Adhesion according to ISO 2409
- > Gloss according to ISO 2813
- > Indentation according to ASTM D 2794
- > Resistance to strong humid ambient containing EN ISO3231
- > Guarantee anti-graffiti : solution approved by RATP (french railway)

Muralys Créativ

A real technological and aesthetic revolution in the world of architecture, the Muralys steel printing process opens the doors to your creativity.

Resulting from a particularly innovative technique: Molecular Digital Transfer, the Muralys process makes it possible to reproduce any image chosen by the architect or client on an ArcelorMittal Construction product. All ideas are possible, even the most extravagant ones, because the print resolution is breathtaking.

To create a single universe
